

College Counseling

Washington Latin offers a robust college counseling program to all students to help them and their families move into the next phase of their education.

The college counseling process focuses upon each student's needs, goals, and abilities. We encourage every student to discover the best match between his or her own background and the offerings of specific colleges. Some students choose a competitive institution, while others select a smaller or more specialized learning environment, while others will elect a different path after Latin, such as military service or vocational education.

College planning begins on the first day of high school, where everything counts from that moment forward for admission and scholarship consideration. A range of college-related programming is offered, including SAT/ACT preparation and testing, college tours, application and essay-writing workshops, and financial aid information sessions for families. We take advantage of all four high school years to prepare our students for life after Latin.
