

## Our Community

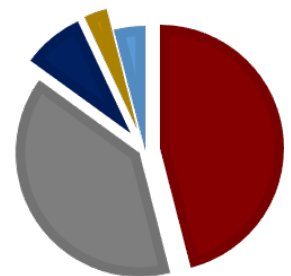

### A Diverse Community

We take pride in our truly diverse community, and our school includes students from every Ward in the District and reflects the District's racial and geographic diversity. We consider our diversity to be one of our school's essential characteristics. We are committed to ensuring that the Washington Latin experience is accessible to any Washington DC student.

Washington Latin

Washington D.C.

Our program places special emphasis on developing students' ability to discuss ideas and make intellectual and moral decisions within a diverse community, preparing them for life in a diverse society.

## Students are known at Latin

We are known for our warm, welcoming community that offers respect and support for all and have a culture that emphasizes thoughtfulness and respect. Caring adults model moral behavior and provide support for each individual. Our goal is to ensure that every student is known as both a scholar and member of the community, which we accomplish through small classes, a robust advisory system, and commitment to a personal approach.

## Student Life and Extra-Curricular Activities

Students at Latin are encouraged to be active members of the community. We offer more than 100 clubs in our Upper School (grades 9-12) and have afterschool sports in both Middle and Upper Schools for boys and girls. This includes more than 30 team sports, as well as non-competitive activities such as winter conditioning and self-defense classes.

Many students also take part in our rich arts music offerings, including fine art shows, musical ensembles, and theatre productions. They may also join STEM Club, volunteer in the community through the Latin Soul Team, or start their own activity based on their personal interests.
