   e. Midyear Status Report: Mr. Anderson shared the school’s “Midyear Status Report” from the DC Public Charter School Board. This report expands on the Compliance Review Report from past years and provides a midyear snapshot of several non-academic indicators and community complaints.
On all of the year to date requirements, the school was rated as “compliant.” Through December 31st, 2017, DCPCSB had received no community complaints about our school. Complaints were received from about half the charter schools in the city.

Additional reports revealed higher suspension rates in our middle school than in the previous year. Special Education students were suspended at a higher rate than General Education students. Mr. Anderson discussed this finding and provided an update on proposed legislation in the city council regarding school suspensions.

f. Policies for Admission: Mr. Anderson reviewed revised admission policies, including language clarifying the current student preference and new alumni sibling preference. Mr. Rawlings moved to approve the revisions. Ms. Dalal seconded the motion, which passed unanimously. (see attached)
