

Capitol Teachers now offers a variety of technology-centered classes including MIT Scratch Coding, Minecraft, Roblox, and YouTube Production. Our technology classes are led by software engineers, as well as interns from MIT and Virginia Tech. Please see the descriptions below and register here: <https://www.capitolteachers.com/services>

MIT Scratch Coding 101 (Ages: 6-10) - 9 am

In this class, students will use coding, creativity, and design skills as they learn Scratch, a program designed by the MIT Media Lab, to code, create, and share projects.

Students will use blocks of code to develop their own animation projects. Compatible

Devices: Windows PC, Mac, Chromebook

Roblox Game Design (Ages: 9-13) - 10 am

In this class, students will have exposure to building, engineering, and programming, as they design and create their own 3D worlds. Students will learn how to add features such as drawbridges, scoreboards, clocks, traps, power-ups, and customized terrain. Compatible Devices: Windows PC, Mac

Minecraft Channel for YouTube (Ages: 9-13) - 11 am

In this class, students will learn many aspects of digital video production in Minecraft. Some learning opportunities include ideating and creating content, researching, scripting, filming, using screen capture software, adding special effects, making a plan to promote a YouTube channel, and much more! Compatible Devices:

Windows PC, Mac

YouTube Video Production Camp (Ages: 9-13) - 12 pm

In this class, students will create YouTube videos on a topic of their choice with their own script and Special Effects. Some examples include fashion, travel, cooking, video games, and sports. Students will learn the ins and outs of YouTube stardom! Compatible Devices: Windows PC, Mac

Classes run for one week, **1 hour each day, Monday-Friday**. See our July Session dates below:

Session 1: Week of July 6th

Session 2: Week of July 13th

Session 3: Week of July 20th

Session 4: Week of July 27th

Week-long sessions are \$195/child. If your child would like to join with siblings or friends, we do offer group rates.

Use the promo codes below when signing up with groups:

*For two students, the cost is \$180 per student **Promo code:** 2siblings!

*For three students, the cost is \$165 per student **Promo code:** Codingfamily3

*For four students, the cost is \$150/student **Promo code:** 4friends!

Check out our website to learn more about our online classes and 1-on-1 tutoring sessions: <https://www.capitolteachers.com>

Also, register today for Learning Pods in the Fall! Space is limited.

Best,

Liz Kraemer and JoAnn Hill
