# Log in

This process is only needed one time – when you first login to any device. Please understand that both parent/guardians can use the app and do not need access to the designated email after the first login.

Go to <u>https://latinpcs.glideapp.io</u> computer or phone.

Sign In

#### 2

Enter the designated parent email (each student is associated with ONE parent email, though both parents/ guardians use the app). The app will send a PIN to that email. Enter PIN to login to the account.

3

Add the app to your homescreen of your phone by clicking the forward icon (bottom of the screen).

## Enter data for today

Please enter your child's data each day that s/he is coming to campus no more than 2 hours before arrival. The app opens for the day at 6am.

Are you going to the school building? If you answer yes, more questions appear about travel, COVID exposure and testing. Answer all questions.

#### Share status

After answering all questions, hit submit. The app will spin for a minute, then show a green check indicating your child can come to the campus.

At school check-in, we will ask if **HealthCheck** was completed. To speed up the process, show us the STATUS screen (at the bottom of the screen). Your child can also show a screen shot, if s/he has a smartphone.
