

Algebra 1B Summer Math Packet

Summer 2022

Welcome to 8th grade **Algebra 1B**! This packet contains essential review from the Algebra 1A course you took in 7th grade. Having a strong understanding of the topics covered in this packet will help prepare you for the challenge of Algebra 1B. Use this packet as a tool to keep your skills sharp!

You do not need to complete the entire packet in one sitting. Feel free to complete it at your own pace during the summer. You should be able to check your answers as you go! Click on [this link](#) to access your packet. Your packet is due when you return to school.

Follow these instructions to log into Edulastic:

1. Go to edulastic.com
2. Click the link to sign up if you haven't already.
3. Choose Log in with Google and use your Latin email to make an account.
4. Enter the Class Code **V2ALRUGV** to join the 8th Graders 2022-2023 group.
5. Click the Assignments tab at the left of your screen and you should see the Algebra 1B Summer Math assignment.
6. Write your calculations on the attached packet or a blank sheet of paper to turn in when school begins in the fall. Be sure to label each problem clearly and neatly.

Note: While we prefer you to complete this assignment online in Edulastic, you may also do this work on paper by printing a pdf from the school website. In that case, write your thinking on that paper and bring it to school on the first day.

Have a lovely summer!

Don't let this be you....!
