## Welcome to Statistics!

This course is an introduction to statistics and data analysis. You will be completing daily, in-class investigations designed to help you understand basic statistical calculations, data collection, and an introduction to inference. You will learn how to analyze topics of interest from a statistical perspective. In order to do so, you must prepare by reviewing math skills that will help you quickly and accurately analyze data.

You **required summer assignments** are as follows:

- 1) **Complete the work in this packet.**
- 2) Submit your work using [this](https://forms.gle/wb6sBEoM7C2sshgx9) Google Form. <https://forms.gle/wb6sBEoM7C2sshgx9>
