Our Mission

Our Mission

Washington Latin Public Charter Schools provide a **challenging, classical** education that is **accessible** to students throughout the District of Columbia. We seek to develop students who will become thoughtful citizens and leaders, contributing to the public good in their lifelong quest towards a fuller humanity. At our schools, words matter, ideas matter and people matter.

These key words define our mission:

Challenging

Classical

Accessible

**Advisory &
Academics
Life at Washington
Latin**

Advisory

- As you know, our advisory system is central to a student's experience at Washington Latin. ***This is the home base for each student and, by extension, an important connection for our families.*** Our advisors foster a sense of mutual caring, community, and fun.
- Once students enter the Upper School, ***advisors also provide academic guidance by reviewing course options and supporting their students' paths towards graduation.***

We believe in the uplifting and liberating power of our classical education for all learners.

We aim for our students to be at once disciplined and flexible in thought and action, to fully embrace the humanity of others as well as their own, and to recognize and experience all that is good, true, and beautiful in the world around them.

Academic and Extracurricular Programming

Overview

Our College Counseling program is designed to help students and families find the right fit after graduation. ***This process is tailored towards each individual student's unique needs, abilities, and goals.***

We support families through this process, offering guidance about researching college and career options, finding scholarships and financial aid, and in making the final decision.

Ways our students get active ...

Washington Latin boasts a competitive athletic program. Our teams have won multiple championships across different local, state, and national divisions.

Many of our student-athletes have continued their athletic career into college by becoming D1 Athletes. We participate in the DC Public Charter School Athletics League and in some cases also play DCPS or independent schools
